*Community Support for
Pregnant and Parenting
Women in Treatment and
Recovery in Central
Vermont*

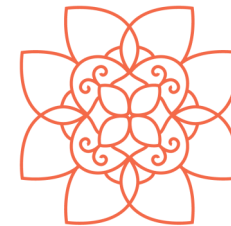

WHAT WE DO

- ◇ Build support in our community
- ◇ Provide case management services to women who are pregnant and those parenting who have children up to the age of five.
- ◇ Providing transportation when possible to get you to where you need to be
- ◇ Identify and connect you to resources and services that will help you achieve your goals

We help to address the needs of your family as a whole while you work on your recovery

This team was created to provide an interdisciplinary response to support women in treatment with a mission “to promote recovery in families with opiate dependencies and addiction”.

*Community
partners in
Washington
County
working*

*together to support women,
children , and their families.*

“Successful mothers are not the ones who have never struggled. They are the ones who never give up, despite the struggles.”
